The Georgia Conflict of Interest in Zoning Actions Statute (O.C.G.A. §§ 36-87A-1 et seq.) requires disclosure of certain campaign contributions made by applicants for rezoning actions and by opponents of rezoning applications. A rezoning applicant or opponent of a rezoning application must disclose contributions or gifts which in aggregate total $250.00 or more if made within the last two years to a current member of the Effingham County Planning Board, Board of Commissioners, or other Effingham County official who will consider the application. The campaign contribution disclosure requirement applies to an opponent of a rezoning application who publishes his or her opposition by appearance before the Planning Board or Board of Commissioners or by any other oral or written communication to a member or members of the Planning Board or Board of Commissioners. Disclosure must be reported to the Board of Commissioners by applicants within ten (10) days after the rezoning application is filed and by opponents at least five (5) days prior to the first hearing by the Planning Board. Any person knowingly failing to comply with these requirements shall be guilty of a misdemeanor.

Staff Report

Subject: Rezone (First District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022

Item Description: Braly Investments as Agent for the Estate of Robert North requests to rezone 85 (+/-) acres from R-1 to R-6 to allow for the future development of a residential subdivision. Located on Zittrouer Road. Map# 352 Parcel# 79

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 85 (+/-) acres from R-1 to R-6 to allow for the future development of a residential subdivision, with conditions.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts.
- Pursuant to Section 5.8 R-6 Single Family Residential District, the zoning district is only allowed if municipal or county water and sewer service is adjacent to the parcel and capacity is available.
- The parcel was rezoned from AR-1 to R-1 on 11/7/2006.
- The applicant wishes to increase the density by reducing lot size from the R-1 minimum of 12,000 sf to 8,500 sf, which requires rezoning to R-6.
- The proposed 97-lot subdivision on Zittrouer Road may be served by Effingham County water and sewer. Information on projected daily volume of wastewater to be generated by the development, and pump station flow tests and other modelling to confirm capacity, has been requested from the design engineer.
- The proposed development will be accessed from two entrances on Zittrouer Road.

Alternatives
1. Approve the request to rezone 85 (+/-) acres from R-1 to R-6 to allow for the future development of a 97-lot residential subdivision, with the following conditions:
   1. Future use of the above-referenced property being rezoned shall meet the requirements of the R-6 zoning district.
   2. Applicant/owner must obtain a Timber Permit prior to removal of trees.
   3. Site development plans must comply with the Effingham County Water Resources Protection Ordinance and the Stormwater Management Local Design Manual.
   4. All wetland impacts must be approved and permitted by USACE and a copy of the jurisdictional determination submitted to Development Services.
2. Deny the request to rezone 85 (+/-) acres from R-1 to R-6.

EFFINGHAM COUNTY REZONING CHECKLIST

Applicants requesting a Zoning change shall supply to the Planning Board information describing the proposed change plus supporting data relating to the change to assist the Planning Board in making their determination. The supporting documentation shall include a format substantially the same as the checklist/criteria used by the Planning Board in evaluating the requested zoning change.

After receiving all information presented as to each zoning proposal at any public hearing provided for in this Article, and prior to making any recommendation thereon, the Planning Board shall consider each of the eight questions contained in the following checklist in written form and forward a copy of the same to the Board of Commissioners together with any additional material deemed appropriate:

CHECK LIST:

The Effingham County Planning Commission recommends:

APPROVAL______  DISAPPROVAL______

Of the rezoning request by applicant Braly Investments as Agent for the Estate of Robert North – (Map # 352 Parcel # 79) from R-1 to R-6 zoning.

Yes  No  1. Is this proposal inconsistent with the county’s master plan?

Yes  No  2. Could the proposed zoning allow use that overload either existing or proposed public facilities such as street, utilities or schools?

Yes  No  3. Could traffic created by the proposed use, or other uses permissible under the zoning sought, traverse established single-family neighborhoods on minor streets, leading to congestion, noise, and traffic hazards?

Yes  No  4. Does the property which is proposed to be rezoned have a have a reasonable economic use under existing zoning?

Yes  No  5. Does the proposed change constitute “spot zoning” which would permit a use which would be unsuitable, considering the existing use and development of adjacent and nearby property?

Yes  No  6. Would the proposed change in zoning adversely affect existing use or usability of adjacent or nearby property?

Yes  No  7. Are nearby residents opposed to the proposed zoning change?

Yes  No  8. Do other conditions affect the property so as to support a decision against the proposal?

Rev 05052021
1. Describe the current use of the property you wish to rezone.

The property is currently wooded and undeveloped.

2. Does the property you wish to rezone have a reasonable economic use as it is currently zoned?

It has limited economic use as timber land. It is currently zoned R-1 but not being used for single family residential.

3. Describe the use that you propose to make of the land after rezoning.

The intent is to utilize the property for R-6 single family residential development on County utilities.

4. Describe the uses of the other property in the vicinity of the property you wish to rezone?

The adjacent properties are AR-1 and mostly used for residential purposes. Subdivisions with similar lot sizes are in the close proximity (1800'). The property has access to County roads, County utilities, and S.R. 30.

5. Describe how your rezoning proposal will allow a use that is suitable in view of the uses and development of adjacent and nearby property?

The adjacent properties are used for residential purposes. Subdivisions with similar lot sizes are in the close proximity (1800'). Buffers will be provided for adjacent properties, roadway improvements and County utility extensions will be done to enhance the area.

6. Will the proposed zoning change result in a use of the property, which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?

Buffers will be provided for adjacent properties, roadway improvements and County utility extensions will be done to provide for the addition of the development. The development will increase traffic, increase families, and increase school children in local schools.

Subject: Sketch Plan (First District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022

Item Description: Braly Investments as Agent for the Estate of Robert North requests approval of a sketch plan for "North Tract Subdivision", a single-family residential development. Located on Zittrouer Road, zoned R-1, proposed zoning R-6. Map# 352 Parcel# 79

Summary Recommendation
Staff has reviewed the application, and recommends approval of a sketch plan for "North Tract Subdivision".

Executive Summary/Background
- The request for approval of a sketch plan is a requirement of Appendix B – Subdivision Regulations, Article V-Plan and Plat Requirements, Section 5.1 – Sketch Plan.
  
  The purpose of a sketch plan is to provide both the applicant and the county an opportunity to review the proposed development before significant financial resources have been invested. Therefore, the sketch plan does not require the certification of an engineer, surveyor, or other professional. Existing features, including water bodies, wetlands, and flood zone limits, are required to be surveyed for the sketch plan.

- The proposed 97-lot subdivision may be served by county water and sewer. Information on projected daily volume of wastewater to be generated by the development, and pump station flow tests and other modelling to confirm capacity, has been requested from the design engineer.

- The proposed development will have two entrance on Zittrouer Road. Minimum lot size is 0.20 acres (8,500 sf); side setbacks will be 7.5'.

- Proposed density is below the 4.5 unit per acre maximum, due to wetlands. There will be a maximum of 1.14 dwellings per gross acreage (85.81ac total); 1.74 units per net acreage (55.45ac buildable).

- Of 85.81 total acres, 30.36 is undevelopable wetlands. The 55.45 upland area includes slightly more than 15% common open space (8.54ac).

- Proposed parking spaces will be provided in attached garages (1), in driveways (2), as well as at amenity and mail kiosk sites (2C). The development will include a picnic/pavilion area, grassed areas, a playground, and a dog park.

- At the January 14, 2022 pre-application meeting, the ~1,900 linear feet sewer line extension & tie-in to the gravity line at Windfield were discussed. A traffic study will be required, with particular attention to the intersection at Zittrouer Road and Hwy 30.

- If approved, staff will follow-up with a Notice to Proceed summarizing requirements and recommendations.

Subject: Variance (First District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022
Item Description: Catalyst Investment Partners, LLC as Agent for Ernest J. Oetgen requests a variance from section 3.4 Buffers to reduce required buffers for an industrial property, to accommodate a proposed industrial development. Located on Godley Road, zoned I-1. Map# 399 Parcel# 3R

Summary Recommendation
Staff has reviewed the application, and recommends denial of a request for a variance from section 3.4 to reduce required buffers for an industrial property.

Executive Summary/Background
- Pursuant to Appendix C-Zoning Ordinance, Article VII-Planning Board, Section 7.1.8, variances may only be granted if the following findings are made:
  
  That there are unique physical circumstances or conditions, including irregularity, narrowness, or shallowness, of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property, and that the unnecessary hardship is due to such conditions, and not to circumstances or conditions generally created by the provisions of the zoning ordinance in the neighborhood or district in which the property is located; and
  
  That because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the zoning ordinance, and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.

- Container storage yards are a heavy industrial use. 399-3R is surrounded by AR-1 and R-4 zoned property. The required buffer between heavy industrial and AR/R zoning districts is 300'.

- The parcel to the west is zoned R-4. The proposed buffer reduction is from 300' to 25'. The parcel (399-3T) to the north, south and east is zoned AR-1. The requested buffer reduction is from 300' to 25' along the north and south boundary, and from 300' to 0' along the east boundary.

- A portion of the land to the east is in Bloomingdale, and is in the R-A-1 zoning district. The purpose of R-A-1 is "to protect those rural areas within urban expansion areas of the county for future low density residential urban development and to protect certain rural highway roadside areas against strip development which can lead to traffic congestion, traffic hazards, and roadside blight."

- Bloomingdale requires a 50' buffer with 25' berm where industrial land abuts agricultural land. A letter of opposition is attached.

- The applicant elected to rezone the 6-acre tract to I-1 (approved on 2/15/2022). The buffer requirements were discussed at the sketch plan pre-application meeting on 2/16/2022.

- The lot does not present any exceptional topographical features; it is merely too small to accommodate a heavy industrial use and the required buffers. There are isolated parcels nearby used for surface mining, but 399-3R is surrounded by R and AR zoned land. There are home sites nearby, as well as stables and horse riding across Godley Road.

- Given the low intensity residential and recreational uses of most surrounding land on Godley Road and Oetgen Road, there is no case to be made for reducing the buffer on the industrial tract. The solution is to increase the size of the project site to allow for inclusion of a 300' vegetative buffer to screen the heavy industrial use and allow for stormwater filtration.

Present Zoning of Property: I-1  Tax Map-Parcel # 399-3R  Total Acres 6 acres

VARIANCE REQUESTED (provide relevant section of code): 5.12 (I-1, buffer reduction)

Describe why variance is needed: Applicant under contract to purchase property surrounding the 6 acre tract, as such, buffer only protects applicant. Because of size of the property strict enforcement of zoning ordinance renders the property undevelopable for the intended use.

How does request meet criteria of Section 7.1.8 (see Attachment C): ____________________________

There are unique physical conditions (small tract, surrounded by burrow pit, wetlands) for the property. No opportunity to develop the property for its intended use in conformity with the zoning ordinance; as such, a variance is requested to enable reasonable use of the property.

TRUSTEES' DEED

THIS INDENTURE, made and entered into this ___ day of December, 2017, by and between JAMES N. OETGEN and FRANK E. OETGEN, JR., as Co-Trustees of the "Julian Oetgen Trust," as Parties of the First Part, and ERNEST J. OETGEN, of Effingham County, Georgia, as Party of the Second Part;

WITNESSETH:

WHEREAS, Frank E. Oetgen, Sr., of Effingham County, Georgia, died testate on July 3, 1993, seized and possessed of the fee simple title to the following described property; and,

WHEREAS, the Last Will and Testament of Frank E. Oetgen, Sr., was probated in solemn form in the Probate Court of Effingham County, Georgia, and Letters Testamentary were granted to the decedent's wife, to wit, Muriel N. Oetgen; and,

WHEREAS, the Last Will and Testament of Frank E. Oetgen, Sr., devised the following described property to Muriel N. Oetgen and James N. Oetgen, as Trustees of the Julian Oetgen Trust for the lifetime benefit of the decedent's wife, Muriel N. Oetgen, and for the ultimate benefit of the decedent's son, Ernest J. Oetgen, said devise being assented to in that certain Assent to
Devise executed on May 1, 1994, by and between Muriel N. Oetgen, as Executrix under the Last Will and Testament of Frank E. Oetgen, Sr., Deceased, as Party of the First Part, and Muriel N. Oetgen and James N. Oetgen, as Co-Trustees of the "Julian Oetgen Trust," as Parties of the Second Part, filed for record and recorded on May 13, 1994, in the Office of the Clerk of the Superior Court of Effingham County, Georgia, in Deed Book 358, Page 668; and,

WHEREAS, Section 3.8 of the Last Will and Testament of Frank E. Oetgen, Sr., provides that upon death of the wife of Frank E. Oetgen, Sr., all of the following described property left remaining in the Julian Oetgen Trust be distributed to Ernest J. Oetgen; and,

WHEREAS, Muriel N. Oetgen passed away on October 5, 2015, in Effingham County, Georgia, whereupon, Frank E. Oetgen, Jr., succeeded to her position as Co-Trustee of the Julian Oetgen Trust, serving in that position with James N. Oetgen as Co-Trustee; and,

WHEREAS, there is no reason to delay the conveyance of the following described property from the Co-Trustees of the Julian Oetgen Trust to Ernest J. Oetgen as the ultimate fee simple beneficiary of the trust corpus pursuant to Section 3.8 of the Last Will and Testament of Frank E. Oetgen, Sr.;

NOW, THEREFORE, in accordance with Sections 3.2 and 3.8 of the Last Will and Testament of Frank E. Oetgen, Sr., Deceased, the Parties of the First Part, as current Co-Trustees of the Julian Oetgen Trust, do hereby convey, and by these presents do grant and convey unto the Party of the Second Part, his heirs, executors, administrators, successors and assigns, all of their interest in the following described tract or parcel of land, to wit:

All that certain lot, tract or parcel of land situate, lying, and being in Effingham and Chatham Counties, State of Georgia, being that portion of the property known as "Oetgen's Ranch, or Whooping Island" which lies south of Oetgen Road.

The Oetgen Ranch, or Whooping Island Tract, which was owned by Frank E. Oetgen, Sr., at the time of his death, is composed of 716.4 acres, more or less, and
is shown as the property of E.J. Oetgen, Sr., and the property of Frank E. Oetgen, Sr., on a "Map showing a Division of a Part of the Whooping Island Tract" by Robert D. Gignilliat, Jr., dated November 1961, and recorded in the Office of the Clerk of the Superior Court of Chatham County, Georgia, in Plat Record Book N, Page 6.

One of the boundary lines of the property above-described is "Oetgen Road" which ends in the middle of the Whooping Island Tract. For purposes of this description, "Oetgen Road" shall be defined as the southern right-of-way line of the road, for the portion of the road which is open, and, from the eastern terminus of the road to the eastern property line of Oetgen Ranch, a line formed by extending the northern right-of-way line of the road in an easterly direction in a straight line.

Appurtenances, and every part thereof, to the only proper use, benefit and behoof of the said Party of the Second Part, his heirs, executors, administrators, successors and assigns, forever IN FEE SIMPLE.

And, the Parties of the First Part do covenant that they are lawfully the Co-Trustees under the Julian Oetgen Trust under Last Will and Testament of Frank E. Oetgen, Sr., Deceased, and have the power to convey as aforesaid, and have in all respects acted, in making this conveyance, in pursuance of the authority granted in and by said Last Will and Testament creating such Trust, and that they have not made, done, or suffered any acts, matters, or things whatsoever, since they were Co-Trustees as aforesaid, whereby the above-granted premises, or any part thereof, now are, or at any time hereafter shall, or may be, impeached, charged, or encumbered in any way whatsoever.

(SIGNATURES ON NEXT PAGE)
IN WITNESS WHEREOF, the Parties of the First Part hereunto set their respective hands and seals the day and year first above written.

SKETCH PLAN WILL REQUIRE THE FOLLOWING VARIANCES TO CONFORM WITH EFFINGHAM COUNTY ZONING:
A. REDUCE 300 BUFFER REQUIREMENT TO 20'
April 13, 2022

Teresa Concannon, AICP
Planning and Zoning Manager
Effingham County Board of Commissioners
804 S. Laurel Street
Springfield, GA 31329

Dear Teresa:

Please accept this correspondence as official notice that the City of Bloomingdale is in opposition to the Variance and Sketch Plan proposal on the Oetgen property. An industrial land use in that area and its impact on a City of Bloomingdale road is not feasible. Further, the proposed lack of buffers is not a sound planning or land use principle and should not be allowed.

In addition, the City Council is in the process of considering a City ordinance prohibiting Tractor Trailers from traveling on the City owned portion of Stage Coach Road.

Please consider the City Council's opposition to this zoning and deny the proposal in its current form.

Sincerely,

Charles D. Akridge, City Administrator

cc: Mayor Baxter and City Council
Summary Recommendation
Staff has reviewed the application, and recommends denial of a sketch plan for "Stagecoach Industrial Site".

Executive Summary/Background
- The request for approval of a sketch plan is a requirement of Appendix B – Subdivision Regulations, Article V-Plan and Plat Requirements, Section 5.1 – Sketch Plan.
  
The purpose of a sketch plan is to provide both the applicant and the county an opportunity to review the proposed development before significant financial resources have been invested. Therefore, the sketch plan does not require the certification of an engineer, surveyor, or other professional. Existing features, including water bodies, wetlands, and flood zone limits, are required to be surveyed for the sketch plan.
- The sketch plan pre-application meeting was held on 2/16/2022. The discussion included buffer requirements for heavy industrial uses; road maintenance responsibilities; and stormwater management. Godley Road is not a designated truck route. Immediate road improvements, as well as road maintenance agreements and bonds with Chatham County and the City of Bloomingdale, would be necessary to ensure that proposed heavy industrial uses on Godley Road can be served by the transportation network.
- Private water and septic system is assumed; the application did not include water-sewer providers.
- The sketch plan does not address the proposed container stacking height; therefore, the total number of proposed containers and associated truck traffic is unknown. If the sketch plan is approved, a Traffic Impact Assessment will be required during the site plan review process.
- The sketch plan shows stormwater draining onto an adjacent parcel in the City of Bloomingdale. If the sketch plan is approved, a drainage easement from the property owner will be necessary, as well as confirmation from Bloomingdale that industrial uses can drain onto R-A-1 zoned property.
- The City of Bloomingdale has submitted a letter urging denial due to concerns about road impacts (attached).
- If the sketch plan is approved, staff will follow-up with a Notice to Proceed, which will include all ordinance requirements, and any conditions added by the Board of Commissioners.

Subject: Rezoning (Second District)
Author: Terasa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022
Item Description: Dee A. Griffin requests to rezone 4.94 acres from AR-1 to AR-2, to allow for the separation of a home site. Located at 384 Zipperer Road. Map# 396 Parcel# 56

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 4.94 acres from AR-1 to AR-2, to allow for the creation of a home site, with conditions.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts. AR-1 requires a minimum lot size of 5 acres. AR-2 allows lots of one acre or more.
- The applicant wishes to subdivide a parcel to create a home site for a family member. The subdivision will create a 2.18-acre and a 2.76-acre lot and, therefore, the entire 4.94 acres must be rezoned to AR-2.

Alternatives
1. **Approve** the request to rezone 4.94 acres from AR-1 to AR-2, to allow for the creation of a home site, with the following conditions:
   1. The lots shall meet the requirements of the AR-2 zoning district.
   2. Minor subdivision plat must be approved by Development Services and Environmental Health, and be recorded, before the rezoning can take effect.

2. **Deny** the request to rezone 4.94 acres from AR-1 to AR-2.

EFFINGHAM COUNTY REZONING CHECKLIST

Applicants requesting a Zoning change shall supply to the Planning Board information describing the proposed change plus supporting data relating to the change to assist the Planning Board in making their determination. The supporting documentation shall include a format substantially the same as the checklist/criteria used by the Planning Board in evaluating the requested zoning change.

After receiving all information presented as to each zoning proposal at any public hearing provided for in this Article, and prior to making any recommendation thereon, the Planning Board shall consider each of the eight questions contained in the following checklist in written form and forward a copy of the same to the Board of Commissioners together with any additional material deemed appropriate:

CHECK LIST:

The Effingham County Planning Commission recommends:

APPROVAL ________ DISAPPROVAL ________

Of the rezoning request by applicant Dee A. Griffin – (Map # 396 Parcel # 56) from AR-1 to AR-2 zoning.

Yes No? 1. Is this proposal inconsistent with the county’s master plan?

Yes No? 2. Could the proposed zoning allow use that overload either existing or proposed public facilities such as street, utilities or schools?

Yes No? 3. Could traffic created by the proposed use, or other uses permissible under the zoning sought, traverse established single-family neighborhoods on minor streets, leading to congestion, noise, and traffic hazards?

Yes No? 4. Does the property which is proposed to be rezoned have a have a reasonable economic use under existing zoning?

Yes No? 5. Does the proposed change constitute “spot zoning” which would permit a use which would be unsuitable, considering the existing use and development of adjacent and nearby property?

Yes No? 6. Would the proposed change in zoning adversely affect existing use or usability of adjacent or nearby property?

Yes No? 7. Are nearby residents opposed to the proposed zoning change?

Yes No? 8. Do other conditions affect the property so as to support a decision against the proposal?

- Completed Effingham County Rezoning Request Packet.

The following items must be submitted.

1. Completed Subdivision Application.
2. Completed Plat Review Application.
3. Level III soils overlay signed and stamped by the soil classifier on the Final Plat with Soil Suitability Description.
4. The following signature block should be used on all plats that require Health Department approval

   Based upon the representations of the engineer/surveyor whose seal is affixed hereto and supplementary information provided, a review of the plat as represented by the said engineer/surveyor finds that this plat complies with the OSSMS regulations for a typical size residence of 3 or 4 bedrooms with basic appurtenances. Each lot must be reviewed and approved for On-Site Sewage Management System placement prior to the issuance of a construction permit. Modifications or changes in site designation may void this approval.
This letter does not constitute a final approval, any matters overlooked or matters which arise after the date of this letter may result in additional conditions being applied or the proposed division of land being denied. The review is valid for one year from the date of this letter. If the survey plan has not been approved within this time, application must be made for an extension of the Preliminary Approval.

Subject: Rezoning (Third District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022
Item Description: Steven Reid as Agent for Paul E. Bruner requests to rezone 0.8 acres from AR-1 to AR-2, to allow for combination with an adjacent parcel. Located at 205 Pitts Road. Map# 244 Parcel# 9

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 0.8 acres from AR-1 to AR-2, to allow for combination with an adjacent parcel, with conditions.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts. AR-1 requires a minimum lot size of 5 acres. AR-2 allows lots of one acre or more.
- The applicant wishes to combine 0.8 acres zoned AR-1 with an adjacent parcel (244-11), which is zoned AR-2. Zoning must be compatible to allow for combination, therefore the 0.8 acres must be rezoned to AR-2.

Alternatives
1. Approve the request to rezone 0.8 acres from AR-1 to AR-2, to allow for combination with an adjacent parcel, with the following conditions:
   1. The lot shall meet the requirements of the AR-2 zoning district.
   2. Subdivision/recombination plat must be approved by Development Services, and be recorded, before the rezoning can take effect.

2. Deny the request to rezone 0.8 acres from AR-1 to AR-2.

PUBLIC HEARING 07 HAS BEEN WITHDRAWN
Subject: Rezoning (Third District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022
Item Description: Hubert T. Griner Jr. requests to rezone 3.21 acres from AR-2 to AR-1 to allow for combination with an adjacent parcel. Located at 1360 Highway 17 South. Map# 296 Parcel# 49

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 3.21 acres from AR-2 to AR-1 to allow for combination with an adjacent parcel, with conditions.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V- Uses Permitted in Districts.
- The applicant wishes to combine this parcel with an adjoining AR-1 parcel (296-46B) for tax purposes. The parcels must meet zoning district requirements in order to be approved for recombination.
- The total acreage of the combined parcel will be 11.85 acres, which conforms to the minimum acreage for AR-1.

Alternatives
1. Approve request to rezone 3.21 acres from AR-2 to AR-1 to allow for combination with an adjacent parcel, with the following conditions:
   1. The combined lots shall meet the requirements of the AR-1 zoning district.
   2. Recombination survey must be approved by Development Services, and be recorded, before the rezoning can take effect.
2. Deny the request to rezone 3.21 acres from AR-2 to AR-1.

Staff has reviewed the application, and recommends approval of the request to rezone 3.87 acres from AR-1 to AR-2 to allow for a 5-lot subdivision, with conditions.

Executive Summary/Background
• The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts. AR-1 requires a minimum lot size of 5 acres. AR-2 allows lots of one acre or more.
• The applicant wishes to create three new home sites for family members, these lots will be 1.269 acres, 1.227 acres, and 1.351 acres. The remaining 10.47 acres will be split, with a portion being combined with an adjoining parcel (408-30). The resulting acreage of these two lots will be 6.442 acres and 6.26 acres, which meets AR-1 zoning district requirements.
• The three new home sites do not meet AR-1 minimum acreage requirements and, therefore, must be rezoned to AR-2.

Alternatives
1. Approve the request to rezone 3.87 acres from AR-1 to AR-2 to allow for a 5-lot subdivision, with conditions:
   1. The lots shall meet the requirements of the AR-1 and AR-2 zoning districts.
   2. The major subdivision final plat must be approved by the Board of Commissioners, and be recorded, before the rezoning can take effect.
2. Deny the request to rezone 3.87 acres from AR-1 to AR-2.

To Whom It May Concern:

The Effingham County Health Department, Division of Environmental Health, has reviewed the request to rezone the above referenced tract of land from AR-1 to AR-2. The proposed rezoning request is preliminarily approved based on the following supporting documents and does not meet the requirements for a proposed subdivision as defined by Rules of the Department of Public Health, Chapter 511-3-1.

- Completed Effingham County Rezoning Request Packet.

The following items must be submitted.

1. Completed Subdivision Application.
2. Completed Plat Review Application.
3. Level III soils overlay signed and stamped by the soil classifier on the Final Plat with Soil Suitability Description.
4. The following signature block should be used on all plats that require Health Department approval
   Based upon the representations of the engineer/surveyor whose seal is affixed hereto and supplementary information provided, a review of the plat as represented by the said engineer/surveyor finds that this plat complies with the OSSMS regulations for a typical size residence of 3 or 4 bedrooms with basic appurtenances. Each lot must be reviewed and approved for On-Site Sewage Management System placement prior to the issuance of a construction permit. Modifications or changes in site designation may void this approval.
This letter does not constitute a final approval, any matters overlooked or matters which arise after the date of this letter may result in additional conditions being applied or the proposed division of land being denied. The review is valid for one year from the date of this letter. If the survey plan has not been approved within this time, application must be made for an extension of the Preliminary Approval.

If you have any additional questions, please contact the Effingham County Health Department, Environmental Health Division, at (912) 754-6850.

Subject: Rezoning (Fourth District)  
Author: Terasa Concannon, AICP, Planning & Zoning Manager  
Department: Development Services  
Meeting Date: April 18, 2022  
Item Description: Reuben E. Jenkins III requests to rezone 1.05 acres from AR-1 to B-2 to allow for commercial use. Located at 351 Webb Road. Map# 389 Parcel# 18

Summary Recommendation
Staff has reviewed the application, and recommends denial of the request to rezone 1.05 acres from AR-1 to B-2 to allow for commercial use.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts.
- An adjacent parcel (389-19) was rezoned to B-2 on 12/2/1980, to allow for a warehouse and shop. A letter in the rezoning file cites adjacent parcels as having commercial businesses. The property to the north was farmland in 1980. At this time, there is residential development to the north.
- The properties at 389-18 & 389-19 have been used for various commercial activities. There is no active business license for any business at those locations.
- Code Enforcement followed up on complaints relating to junk cars on site in 2021. The properties have been cleared, and the cases are closed.
- The applicant did not provide information on proposed business operations. B-2 permits food service, clubs, retail, child care, residential development, indoor entertainment, offices, etc.
- Automobile service and commercial parking areas are permitted as conditional uses. If the rezoning is approved, conditional use approval may be necessary based on the proposed business. Sketch plan approval would be necessary for improvements such as buildings or parking areas. Any business operating at the site would need to obtain and maintain a business license.
- A 30' vegetative buffer around the perimeter of the commercial parcels would be required in order for a new business to begin operations on site.
- Webb Road is not a designated truck route; it is a surface-treated, county-maintained road. Improvements may be necessary, depending on the proposed use at 351 Webb Road.

Alternatives
1. Approve the request to rezone 1.05 acres from AR-1 to B-2 to allow for commercial use, with conditions:
2. Deny the request to rezone 1.05 acres from AR-1 to B-2 to allow for commercial use.

To Whom It May Concern:

The Effingham County Health Department, Division of Environmental Health, has reviewed the request to rezone the above referenced tract of land from AR-1 to B-2. The proposed rezoning request is preliminarily approved based on the following supporting documents and does not meet the requirements for a proposed subdivision as defined by Rules of the Department of Public Health, Chapter 511-3-1.

- Completed Effingham County Rezoning Request Packet.

The following items must be submitted.

1. Completed Subdivision Application.
2. Completed Flat Review Application.
3. Level III soils overlay signed and stamped by the soil classifier on the Final Plat with Soil Suitability Description.
4. The following signature block should be used on all plats that require Health Department approval
   Based upon the representations of the engineer/surveyor whose seal is affixed hereto and supplementary information provided, a review of the plat as represented by the said engineer/surveyor finds that this plat complies with the OSSMS regulations for a typical size residence of 3 or 4 bedrooms with basic appurtenances. Each lot must be reviewed and approved for On-Site Sewage Management System placement prior to the issuance of a construction permit. Modifications or changes in site designation may void this approval.
This letter does not constitute a final approval, any matters overlooked or matters which arise after the date of this letter may result in additional conditions being applied or the proposed division of land being denied. The review is valid for one year from the date of this letter. If the survey plan has not been approved within this time, application must be made for an extension of the Preliminary Approval.

Subject: Variance (Fourth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022
Item Description: Gary Ferrell requests a variance from section 3.3 to reduce required accessory building setbacks, allowing for a replacement accessory structure. Located at 1129 Ralph Rahn Road, zoned R-1. Map# 391B Parcel# 2

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request for a variance from section 3.3 to reduce required setbacks, allowing for a replacement accessory structure, with conditions.

Executive Summary/Background
- Pursuant to Appendix C-Zoning Ordinance, Article VII-Planning Board, Section 7.1.8, variances may only be granted if the following findings are made:
  
  *That there are unique physical circumstances or conditions, including irregularity, narrowness, or shallowness, of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property, and that the unnecessary hardship is due to such conditions, and not to circumstances or conditions generally created by the provisions of the zoning ordinance in the neighborhood or district in which the property is located; and*

  *That because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the zoning ordinance, and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.

- The applicant purchased a property with an existing accessory structure on the site in question. The applicant then replaced the accessory structure using the pre-existing slab, which is in line with the driveway. He was unaware of the building permit requirement for a building over 200 sf.
- The accessory structure is approximately 5½' from the side property line and therefore does not meet the minimum side setback of 10', pursuant to Section 3.3 Accessory Structures in Residential Districts.
- The location of the existing home and septic drainfield eliminate the option of placing the structure elsewhere in the side or rear yard.
- The applicant is working with the Building Official to meet plan review requirements for a building permit for the accessory building.

Alternatives
1. Approve the request for a variance to reduce required setbacks, allowing for a replacement accessory structure, with conditions:
   1. Meet all requirements for building permit approval.
2. Deny the request for a variance to reduce required setbacks, allowing for a replacement accessory structure.

Staff Report

Subject: Variance (Fifth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022
Item Description: K&M Effingham Properties, LLC requests a variance from section 3.4 Buffers to reduce required vegetative buffers for an industrial property. Located at 1204 Mill Pond Road. Map# 446 Parcel# 7C

Summary Recommendation
Staff has reviewed the application, and recommends denial of the request for a variance from section 3.4 Buffers to reduce required buffers for an industrial property, to accommodate a proposed development.

Executive Summary/Background
- Pursuant to Appendix C-Zoning Ordinance, Article VII-Planning Board, Section 7.1.8, variances may only be granted if the following findings are made:
  That there are unique physical circumstances or conditions, including irregularity, narrowness, or shallowness, of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property, and that the unnecessary hardship is due to such conditions, and not to circumstances or conditions generally created by the provisions of the zoning ordinance in the neighborhood or district in which the property is located; and
  That because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the zoning ordinance, and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.
- The proposed business involves uses that did not fit into the B-3 zoning district, but required rezoning to I-1. The proposed uses may be considered a light industrial use. The required buffer between light industrial and R zoning districts is 300'.
- The parcels to the north and west are I-1. Parcels to the south and east are R-1. The proposed buffer reduction is from 300' to 25' along the south and east property boundaries with R zoning.
- The applicant elected to rezone only the 7-acre tract to I-1 (approved on 6/2/2020), and opted to leave a 61.52' strip of R zoned property along the eastern boundary in a plat recorded 8/11/2021, and subsequently re-subdivided, and recorded on 1/5/2022.
- The required buffer between the I-1 and AR zoning districts is 150'.
- The buffer requirements were discussed at the sketch plan pre-application meeting on 3/3/2022.
- The lot does not present any exceptional topographical features; it is merely too small to accommodate an industrial use and the required buffers. The solution would be to expand the parcel and expand south to allow for the buffer.
- Given the residential development to the east, on both sides of Ebenezer Road, there is no case to be made for reducing the I-1 to R buffer requirement. The solution is to increase the size of the project site to allow for inclusion of a vegetative buffer substantial enough to screen the industrial use and allow for stormwater filtration. Removing the R-1 strip to the east would reduce the buffer requirement to 150' against the AR-1 parcel.

Alternatives
1. Approve request for a variance from section 3.4 Buffers to reduce required buffers.
2. Deny the request for a variance from section 3.4 Buffers to reduce required buffers.

meetings
Eric Edwards - PUBLIC HEARING (12): The applicant requests to rezone 7 acres from R-1 to I-1 for [Map# 446 Parcel# 7] located at 1204 Mill Pond Road to allow for a commercial business Overhead Door Company". (Fourth District)

Mrs. Diane Proudfoot, Zoning Administrator read the Facts and Findings, and Staff Recommendations:

Facts and Findings:

**MINUTES OF THE EFFINGHAM COUNTY PLANNING BOARD - May 4, 2020**

The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts. Overhead Door Company is seeking to develop 7-acres of the property contingent upon rezoning approval. County water and sewer is not available to this site.

Staff Recommendation: Approval with the following stipulations:

1. Must meet the requirements of the I-1 zoning district, Article V. Uses Permitted in District 15.12 – Industrial Districts.
2. Site development plans comply with the Effingham County Water Resources Protection Ordinance and the Stormwater Management Local Design Manual.
3. All wetland impacts permitted by USACE.
4. A subdivision plat must be approved by the Health Department and the Zoning Office.

No one was present to speak for or against the rezoning.

Chairman David Burns asked if the property had previously been zoned industrial, the consensus was it had. Mr. Peter Higgins observed that the property was surrounded by industrial zoning.

Mr. Peter Higgins made a motion to approve with Staff Recommendations. The motion was seconded by Mr. Alan Zipperer and carried unanimously.
ERIC EDWARDS – PUBLIC HEARING (38): The Planning Board recommends approving an application by Eric Edwards to rezone 7 acres out of 31.50 acres located at 1204 Mill Pond Road from R-1 to I-1 Map# 446 Parcel# 7 in the Fifth District.

Commissioner Kieffer recused himself from voting on this item due to proximity to personal home.

Zoning Administrator Proudfoot explained Staff and Planning Board recommend approval with stipulations.

No one was present in favor or against the request. There was discussion to require the access to be from Ebenezer Road.

Commissioner Burdette made a motion to approve the request with the following Planning Board and Staff recommendations:

1. Must meet the requirements of the I-1 zoning district, Article V. Uses Permitted in District / 5.12 – Industrial Districts.
2. Site development plans comply with the Effingham County Water Resources Protection Ordinance and the Stormwater Management Local Design Manual.
3. All wetland impacts permitted by USACE.
4. A subdivision plat must be approved by the Health Department and the Zoning Office.
5. The access shall be from Ebenezer Road (Hwy 275).

MINUTES OF THE MAY 19, 2020 BOC MEETING (TELECONFERENCE – CONTINUED)

Vice Chairman Deloach seconded the motion. The motion carried unanimously.

ERIC EDWARDS – SECOND READING (39): Consideration to approve the Second Reading of an application by Eric Edwards to rezone 7 acres out of 31.50 acres located at 1204 Mill Pond Road from R-1 to I-1 Map# 446 Parcel# 7 in the Fifth District

Commissioner Kieffer recused himself from voting on this item.

Due to an added stipulation, (according to the Rules of Procedure) this item was automatically tabled to the June 2, 2020 Commission meeting.

Meeting Date: April 18, 2022

Item Description: Linda Sims as Agent for K&M Effingham Properties, LLC requests approval of a sketch plan for: "ACTION OVERHEAD DOOR WAREHOUSES." Located at 1204 Mill Pond Road, zoned I-1. Map# 446 Parcel# 7C

Summary Recommendation
Staff has reviewed the application, and recommends denial of a sketch plan for "ACTION OVERHEAD DOOR WAREHOUSES".

Executive Summary/Background
- The request for approval of a sketch plan is a requirement of Appendix B – Subdivision Regulations, Article V-Plan and Plat Requirements, Section 5.1 – Sketch Plan.
  The purpose of a sketch plan is to provide both the applicant and the county an opportunity to review the proposed development before significant financial resources have been invested. Therefore, the sketch plan does not require the certification of an engineer, surveyor, or other professional. Existing features, including water bodies, wetlands, and flood zone limits, are required to be surveyed for the sketch plan.

- The proposed industrial development will be served by private well and septic system, as Springfield has declined service.
- The industrial development will be served by a single driveway on Ebenezer Road. Staff requested that the driveway line up with Entrepreneur Way, across Ebenezer Road.
- The site plan does not support the required buffers between AR/R and I-1 zoning districts.
- Staff recommends denial of the request for a variance to reduce the required buffers, and therefore cannot recommend approval of the sketch plan as presented.
- At the March 3, 2022 pre-application meeting, we discussed buffers, stormwater management, the site development review process, and access management. Access to Ebenezer Road / Hwy 275 will require a GDOT encroachment permit.
- If approved, staff will follow-up with a Notice to Proceed summarizing requirements and recommendations.

**Soil Suitability Codes**

- C: Because of shallow water tables these soils are not suitable for installation of a conventional on-site system without site modifications, special designs or installation.
- F: Because of soil limitations, these soils are unsuitable for installation of an on-site system.

**Site Specific Notes**

- Different products could affect the recommended trench depth and/or mound height.
- Ocilla soils have 6-10 inches of topsoil. If the proposed system is within this layer, it should be backfilled and stored onsite. The mound has been constructed to the recommended height. The topsoil should be placed over the top of the mound.
- Mandarin soils have 16-22 inches of combined topsoil and subsoil (IS). These layers should be mixed into the system footprint. After the mound has been constructed to the recommended height, the topsoil should be placed over the top of the mound.
- Keep heavy equipment from parking and driving on the site area which could cause compaction of the soils.
- The absorption fields should not be installed during wet or rainy periods which could result in reduced system performance due to damage of the soil structure.
- No bedrock was encountered within 60 inches of the existing soil surface.

The information in this report is based on data collected in the field by hand auger borings. Site soils were located using a TDS Archer 100 sub-meter GPS with real-time SBAS correction. RLC produces soils surveys that meet or exceed all standards in the Manual for On-Site Sewage Management Systems, published by the GA-DPH. Soil boundary lines should be considered as a transition zone where one soiltype transitions into another soiltype, not an exact boundary. System tank size should not be placed within 10 feet of unstable boundary line.

Recommendations are site specific and not followed without this report. All recommendations are based on installation from the original soil surface unless otherwise stated. Any changes or alterations made to this report or interpretation without written consent of RLC voids the seal of the Soil Scientist. If the site is disturbed due to cutting or filling after the date of this report, the Soil Scientist reserves the right to reevaluate the site. Your local Health Department holds the authority in the permitting of on-site disposal systems and may view the soil conditions differently than the Soil Classifier and will have the final say in their county. RLC does not design, install, maintain or permit on-site disposal systems.
Subject: Rezoning (Fifth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: April 18, 2022
Item Description: Brett Bennett as Agent for Greenland Developers, Inc. requests approval of a sketch plan for: “Goshen Ext. Apartments” a 408-unit multifamily development on 34.6 acres. Located off Goshen Commercial Park Drive, zoned B-2. Map# 465 Parcels# 2, 2A, 2B, 2C

Summary Recommendation
Staff has reviewed the application, and recommends approval of a sketch plan for: Goshen Ext. Apartments.

Executive Summary/Background
- The request for approval of a sketch plan is a requirement of Appendix B – Subdivision Regulations, Article V-Plan and Plat Requirements, Section 5.1 – Sketch Plan.
  
  The purpose of a sketch plan is to provide both the applicant and the county an opportunity to review the proposed development before significant financial resources have been invested. Therefore, the sketch plan does not require the certification of an engineer, surveyor, or other professional. Existing features, including water bodies, wetlands, and flood zone limits, are required to be surveyed for the sketch plan.

- The applicant proposes buffers of 15’ between multifamily developments; 20’ between multifamily and commercial; 15’ between multifamily and industrial; 20’ between multifamily and R/AR. The industrial property to the north and east is required to provide a 300’ vegetative buffer with berm.

- The proposed multifamily development may be served by county water and sewer. A road will connect the development to Goshen Commercial Park Drive, and may be conveyed to the county.

- Proposed density is 12 units per acre, pursuant to previous R-3 zoning district requirements. The revised B-2 zoning district limits density to 12 units per acre for mixed use residential. The revised R-3 zoning district limits density to 9 residential units per acre.

- Proposed parking meets requirements (1.5 per unit=612 spaces). Wetlands acreage is not calculated. The development will include a pool area and community building, a playground, and dog park.

- At the February 28, 2022 pre-application meeting, open space, buffers, amenities & parking, roads, and common element maintenance were discussed.

- If approved, staff will follow-up with a Notice to Proceed summarizing requirements and recommendations.
