The Georgia Conflict of Interest in Zoning Actions Statute (O.C.G.A. §§ 36-67A-1 et seq.) requires disclosure of certain campaign contributions made by applicants for rezoning actions and by opponents of rezoning applications. A rezoning applicant or opponent of a rezoning application must disclose contributions or gifts which in aggregate total $250.00 or more if made within the last two years to a current member of the Effingham County Planning Board, Board of Commissioners, or other Effingham County official who will consider the application. The campaign contribution disclosure requirement applies to an opponent of a rezoning application who publishes his or her opposition by appearance before the Planning Board or Board of Commissioners or by any other oral or written communication to a member or members of the Planning Board or Board of Commissioners. Disclosure must be reported to the Board of Commissioners by applicants within ten (10) days after the rezoning application is filed and by opponents at least five (5) days prior to the first hearing by the Planning Board. Any person knowingly failing to comply with these requirements shall be guilty of a misdemeanor.

Staff Report

Subject: Rezone (Second District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: June 13, 2022

Item Description: William Wilson request to rezone 1 of 24.24 acres from AR-1 to AR-2 to allow for the creation of a home site. Located at 342 Ottis Sackinger Road. Map# 415 Parcel# 32

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 1 of 24.24 acres from AR-1 to AR-2 to allow for the creation of a home site, with conditions.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts. AR-1 requires a minimum lot size of 5 acres. AR-2 allows lots of one acre or more.
- The applicant wishes to subdivide a parcel to create a new home site to deed to his son. The subdivision will create a 1-acre lot and, therefore, the newly created lot must be rezoned to AR-2.
- One acre was rezoned to AR-2 and subdivided for this purpose September 21, 2021. The newly created parcel proved to be unbuildable, due to the presence of wetlands.

Alternatives
1. Approve the request to rezone 1 acre from AR-1 to AR-2, with the following conditions:
   1. The lots shall meet the requirements of the AR-2 zoning district.
   2. Minor subdivision plat must be approved by Development Services and Environmental Health, and be recorded, before the rezoning can take effect.
2. Deny the request to rezone 1 acre from AR-1 to AR-2.

EFFINGHAM COUNTY REZONING CHECKLIST

Applicants requesting a Zoning change shall supply to the Planning Board information describing the proposed change plus supporting data relating to the change to assist the Planning Board in making their determination. The supporting documentation shall include a format substantially the same as the checklist/criteria used by the Planning Board in evaluating the requested zoning change.

After receiving all information presented as to each zoning proposal at any public hearing provided for in this Article, and prior to making any recommendation thereon, the Planning Board shall consider each of the eight questions contained in the following checklist in written form and forward a copy of the same to the Board of Commissioners together with any additional material deemed appropriate:

CHECK LIST:

The Effingham County Planning Commission recommends:

APPROVAL_______ DISAPPROVAL_______

Of the rezoning request by applicant William Wilson – (Map # 415 Parcel # 32) from AR-1 to AR-2 zoning.

Yes No? 1. Is this proposal inconsistent with the county’s master plan?

Yes No? 2. Could the proposed zoning allow use that overload either existing or proposed public facilities such as street, utilities or schools?

Yes No? 3. Could traffic created by the proposed use, or other uses permissible under the zoning sought, traverse established single-family neighborhoods on minor streets, leading to congestion, noise, and traffic hazards?

Yes No? 4. Does the property which is proposed to be rezoned have a reasonable economic use under existing zoning?

Yes No? 5. Does the proposed change constitute “spot zoning” which would permit a use which would be unsuitable, considering the existing use and development of adjacent and nearby property?

Yes No? 6. Would the proposed change in zoning adversely affect existing use or usability of adjacent or nearby property?

Yes No? 7. Are nearby residents opposed to the proposed zoning change?

Yes No? 8. Do other conditions affect the property so as to support a decision against the proposal?

Item Description: Leo M. Sullivan request to rezone 3 acres from AR-1 to AR-2 to allow for the division of a parcel. Located at 486 Whitaker Road. Map# 441A Parcel# 14

Summary Recommendation
Leo M. Sullivan request to rezone 3 acres from AR-1 to AR-2 to allow for the division of a parcel. Located at 486 Whitaker Road, with conditions

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts. AR-1 requires a minimum lot size of 5 acres. AR-2 allows lots of one acre or more.
- The applicant combined two subdivision parcels in 2016. He now wishes to resubdivide into two parcels.
- The parcel is a non-conforming AR-1 lot in Whitaker Road subdivision. In order to approve the resubdivision, the 3-acres must be rezoned to AR-2, and the final plat must be signed by the Chairman.

Alternatives
1. Approve the request to rezone 3 acres from AR-1 to AR-2, with the following conditions:
   1. The lots shall meet the requirements of the AR-2 zoning district.
   2. Major subdivision revised plat must be approved by the Board of Commissioners and Environmental Health, and be recorded before the rezoning can take effect.
2. Deny the request to rezone 3 acres from AR-1 to AR-2.

Department: Development Services
Meeting Date: June 13, 2022
Item Description: Rodney A. Durrance & Gloria M. Durrance request to rezone 5 acres from AR-1 to AR-2 to allow for a 3-lot subdivision. Located at 290 Shirley Drive. Map# 370C Parcel# 3

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 5 acres from AR-1 to AR-2 to allow for a 3-lot subdivision.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts. AR-1 requires a minimum lot size of 5 acres. AR-2 allows lots of one acre or more.
- The applicants currently have two mobile homes on the 5-acre AR-1 property. They wish to add a third mobile home, and therefore must subdivide the 5 acres into three parcels, and rezone to AR-2.
- Staff met with the applicants, and worked with the applicant on a parcel layout to ensure that road frontage and acreage comply with ordinance requirements.

Alternatives
1. Approve the request to rezone 5 acres from AR-1 to AR-2, with the following conditions:
   1. The lots shall meet the requirements of the AR-2 zoning district.
   2. Minor subdivision plat must be approved by Development Services and Environmental Health, and be recorded, before the rezoning can take effect.
2. Deny the request to rezone 5 acres from AR-1 to AR-2.

To Whom It May Concern:

The Effingham County Health Department, Division of Environmental Health, has reviewed the request to rezone the above referenced tract of land from AR-1 to AR-2. The proposed rezoning request is preliminarily approved based on the following supporting documents and does not meet the requirements for a proposed subdivision as defined by Rules of the Department of Public Health, Chapter 511-3-1.

- Completed Effingham County Rezoning Request Packet.

The following items must be submitted.

1. Completed Subdivision Application.
2. Completed Flat Review Application.
3. Level III soils overlay signed and stamped by the soil classifier on the Final Plat with Soil Suitability Description.
4. The following signature block should be used on all plats that require Health Department approval

   Based upon the representations of the engineer/surveyor whose seal is affixed hereto and supplementary information provided, a review of the plat as represented by the said engineer/surveyor finds that this plat complies with the OSSMS regulations for a typical size residence of 3 or 4 bedrooms with basic appurtenances. Each lot must be reviewed and approved for On-Site Sewage Management: System placement prior to the issuance of a construction permit. Modifications or changes in site designation may void this approval.
This letter does not constitute a final approval, any matters overlooked or matters which arise after the date of this letter may result in additional conditions being applied or the proposed division of land being denied. The review is valid for one year from the date of this letter. If the survey plan has not been approved within this time, application must be made for an extension of the Preliminary Approval.

If you have any additional questions, please contact the Effingham County Health Department, Environmental Health Division, at (912) 754-6850.

ITEM NUMBER 6 HAS BEEN WITHDRAWN
Staff Report

Subject: Rezone (Fourth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: June 13, 2022

Item Description: Braly Investments as Agent for Lamar Allen requests to rezone 15.32 of 96.42 acres from AR-1 to R-6 to allow for a 30-lot single family residential development. Located on Courthouse Road [Map# 390 Parcel# 1]

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 15.32 of 96.42 acre from AR-1 to R-6 to allow for a single family residential development, with conditions.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts.
- Pursuant to Section 5.8 R-6 Single Family Residential District, the zoning district can be permitted when municipal or county water and sewer service is adjacent to the parcel and capacity is available.
- The proposed 30-lot development will be served by City of Springfield water and sewer, and will be accessed from one entrance on Courthouse Road

Alternatives
1. Approve the request requests to rezone 15.32 of 96.42 acre from AR-1 to R-6 to allow for a single family residential development, with the following conditions:
   1. Future use of the above-referenced property being rezoned shall meet the requirements of the R-6 zoning district.
   2. Applicant/owner must obtain a Timber Permit prior to removal of trees.
   3. Site development plans must comply with the Effingham County Water Resources Protection Ordinance and the Stormwater Management Local Design Manual.
   4. All wetland impacts must be approved and permitted by USACE and a copy of the jurisdictional determination submitted to Development Services.

2. Deny the request to rezone 15.32 of 96.42 acre from AR-1 to R-6.

EFFINGHAM COUNTY REZONING CHECKLIST

Applicants requesting a Zoning change shall supply to the Planning Board information describing the proposed change plus supporting data relating to the change to assist the Planning Board in making their determination. The supporting documentation shall include a format substantially the same as the checklist/criteria used by the Planning Board in evaluating the requested zoning change.

After receiving all information presented as to each zoning proposal at any public hearing provided for in this Article, and prior to making any recommendation thereon, the Planning Board shall consider each of the eight questions contained in the following checklist in written form and forward a copy of the same to the Board of Commissioners together with any additional material deemed appropriate:

CHECK LIST:

The Effingham County Planning Commission recommends:

APPROVAL _______ DISAPPROVAL _____

Of the rezoning request by applicant Braly Investments as Agent for Lamar Allen – (Map # 390 Parcel # 1) from AR-1 to R-6 zoning.

Yes No 1. Is this proposal inconsistent with the county’s master plan?

Yes No 2. Could the proposed zoning allow use that overload either existing or proposed public facilities such as street, utilities or schools?

Yes No 3. Could traffic created by the proposed use, or other uses permissible under the zoning sought, traverse established single-family neighborhoods on minor streets, leading to congestion, noise, and traffic hazards?

Yes No 4. Does the property which is proposed to be rezoned have a have a reasonable economic use under existing zoning?

Yes No 5. Does the proposed change constitute “spot zoning” which would permit a use which would be unsuitable, considering the existing use and development of adjacent and nearby property?

Yes No 6. Would the proposed change in zoning adversely affect existing use or usability of adjacent or nearby property?

Yes No 7. Are nearby residents opposed to the proposed zoning change?

Yes No 8. Do other conditions affect the property so as to support a decision against the proposal?

Rev 05052021
1. Describe the current use of the property you wish to rezone.

   The property is currently wooded and undeveloped.

2. Does the property you wish to rezone have a reasonable economic use as it is currently zoned?

   It has limited economic use as timber land. Several single family residential developments have recently been constructed in close proximity to this parcel and City of Springfield utilities are available so it would have more reasonable economic use as single family residential.

3. Describe the use that you propose to make of the land after rezoning.

   The intended use of the property is R-6 single family residential development.

4. Describe the uses of the other property in the vicinity of the property you wish to rezone?

   Properties adjacent to the south and east have been being used as timberlands. Properties across Courthouse Rd have been being used as residential and timberlands. Properties adjacent to the north have recently been developed into residential communities.

5. Describe how your rezoning proposal will allow a use that is suitable in view of the uses and development of adjacent and nearby property?

   Several residential developments have been constructed in close proximity of this property over the last few years on surrounding properties.

6. Will the proposed zoning change result in a use of the property, which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?

   More residential units will increase traffic, add more infrastructure utilities, and potentially more children in school, however, due to the small size of this development these increases are not considered excessive or burdensome. City of Springfield has adequate capacity to serve the development with water and sewer.

Staff Report

Subject: Sketch Plan (Fourth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: June 13, 2022

Item Description: Braly Investments as Agent for Lamar Allen requests approval of a sketch plan for Hoswood Subdivision. Located on Courthouse Road, zoned AR-1, proposed zoning R-6 [Map# 390 Parcel# 1]

Summary Recommendation
Staff has reviewed the application, and recommends approval of a sketch plan for Hoswood Subdivision.

Executive Summary/Background
- The request for approval of a sketch plan is a requirement of Appendix B – Subdivision Regulations, Article V-Plan and Plat Requirements, Section 5.1 – Sketch Plan.
  The purpose of a sketch plan is to provide both the applicant and the county an opportunity to review the proposed development before significant financial resources have been invested. Therefore, the sketch plan does not require the certification of an engineer, surveyor, or other professional. Existing features, including water bodies, wetlands, and flood zone limits, are required to be surveyed for the sketch plan.
- The 30-unit single family residential development will be served by Springfield water and sewer. The water-sewer agreement has been approved.
- The development will be accessed from one entrance on Courthouse Road. There are stub outs to the east and to the south, for connection to future development.
- The parcel is 15.32 total acres. 1.4 acres is undevelopable wetlands. The 13.92-acre upland area includes slightly more than 15% common open space (2.26ac).
- Minimum lot size is 8,500 sf; side setbacks will be 7.5'. There will be a maximum of 1.96 dwellings per gross acreage (15.32ac total); 2.2 units per net acreage (13.932ac buildable).
- Two off-street parking spaces will be provided for each lot, with additional parking at amenity and mail kiosk sites. The development will include open space with benches, a playground, and a ball field.
- Sidewalks will be 4' wide, and will be installed throughout the neighborhood.
- The pre-application meeting was held on April 28, 2022, and the open space, parking, and connectivity to adjacent parcels were discussed.
- Staff will follow-up with a Notice to Proceed summarizing requirements and recommendations.

WATER AND SEWER SERVICE AGREEMENT

This Water and Sewer Service Agreement (the “Agreement”) is made and entered into this 10th day of May, 2022, by and between Braly Investments, LLC (hereinafter referred to as “Developer”), a Georgia limited liability company existing and organized under the laws of the State of Georgia having its principal place of business at 453 Stillwell Road, Springfield, Georgia, and the City of Springfield, Georgia (hereinafter referred to as the “City”), a municipal corporation having a principal place of business at 130 S. Laurel Street, Springfield, Georgia 31329.

RECITALS:

WHEREAS, the Developer is the owner/lessor/developer of real property consisting of approximately 15 acres (County tax map 390, parcel 1) located at 0 Courthouse Road, Effingham County, Georgia (hereinafter the “Property”); and

WHEREAS, the Property is not located within the City’s corporate boundaries, but is located within the City’s water and sewer service delivery area; and

WHEREAS, Developer plans to develop a residential subdivision on the PROPERTY consisting of approximately 30 residential or equivalent residential units, as shown on the attached drawing entitled “Hosswood Subdivision”, prepared by EMC Engineering Services., LLC and dated April 5, 2020; and
WHEREAS, the Developer desires that the City serve the Property with potable water and sanitary sewer services; and

WHEREAS, in order to serve the Property with potable water and sanitary sewer services, the City's existing water and sanitary sewer systems will require certain additions, extensions, improvements, and/or modifications by the Developer (all additions, extensions, improvements, modifications and all related infrastructure and equipment contemplated herein are collectively referred to as the “Systems”, and all work related to the design, installation and construction of the Systems is collectively referred to as the “Project”); and

WHEREAS, Developer desires certain commitments from the City in regard to the Systems; and

WHEREAS, the City finds that the provision of potable water and sanitary sewer services to the Property is consistent with and in furtherance of the goals and purposes of the City, and is in the public interest;

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements herein made, the receipt and sufficiency of which is hereby acknowledged, the City and Developer hereby agree as follows:

SECTION 1. Obligations and additional recitals of the Parties.

The recitals listed above are hereby incorporated by reference.

1.1 General
Developer shall be responsible to ensure the Project and Systems conform to City standards, specifications, and regulations.

1.2 Project Engineer

Developer shall retain a competent professional engineer registered in the State of Georgia ("the Project Engineer") to prepare the engineering design for the Systems.

1.3 City’s Engineer

The City shall retain a competent professional engineer registered in the State of Georgia ("the City’s Engineer") to perform the reviews and inspections described in this Agreement. The City’s Engineer shall not be an employee, partner or co-worker of the Project Engineer, nor shall he or she hold a financial interest in the firm at which the Project Engineer is employed.

1.4 Costs

All design, construction, engineering, inspection, and testing costs, and all other costs of any kind incurred in connection with the design and construction of the Systems, and all costs incurred in complying with the provisions of this Agreement shall be borne by the Developer, including without limitation the cost of the work to be performed by the City’s Engineer.

1.5 Pre-construction Phase

Prior to commencement of construction of the Systems:

The City’s Engineer shall review the plat(s), plans, and any other documents reasonably deemed necessary by the City’s Engineer to confirm that the Systems as designed will meet the City’s specifications, regulations, and standards. The Project
Engineer shall cooperate with the City's Engineer to include providing all
documents reasonably requested by the City's Engineer. Developer shall reimburse
the City for the cost of the City's Engineer's review of the plat(s), plans and other
documents in the amount specified in the City's Fee Schedule. If construction of the
Systems commences before the City's Engineer has issued written confirmation that
the Systems as designed will meet the City's specifications, regulations, and
standards, the City's obligations under this Agreement shall terminate and
Developer's rights under this Agreement shall be forfeited.

1.6 Construction Phase

Developer shall be responsible to provide resident inspection by the Project
Engineer during construction of the Systems.

If the location, design or installation of the Systems materially deviates from the
items noted on the recordable plat(s) the Developer provided to the City prior to
commencement of construction, the Developer shall immediately notify the City's
Engineer of the material deviation and shall submit a revised plat(s) to the City's
Engineer which reflects the material deviation. Construction of any material
deviation shall not proceed until the City's Engineer has issued written
confirmation that design of the Systems as modified will meet the City's
specifications, regulations, and standards. Developer shall reimburse the City for
the cost of the City's Engineer's review of the revised plat(s) described in this
paragraph in the amount specified in the City's Fee Schedule.
1.7 Upon completion of construction

After construction of the Systems is complete, Developer shall provide to the City a statement from the Project Engineer certifying that the materials and workmanship of the Systems constructed, including without limitation pipes, bedding, thrust blocks, valves, fire hydrants, manholes, lift station equipment and other related materials and work has been constructed in accordance with the plans that were approved by the City's Engineer during the Pre-Construction Phase (or, if applicable, approved by the City's Engineer during the Construction Phase). Upon request of the City or City's Engineer, Final Project Approval shall be contingent upon the Project Engineer's substantiation by material affidavits from suppliers and by applicable test results for inflow/infiltration, exfiltration, deflection, pressure, leaks, bacteria, compaction and any other tests reasonably required by the City or City's Engineer if and when these are requested.

Further, after construction of the Systems is complete, Developer shall provide to the City recordable plat(s) in recordable form in a format agreeable to the City showing the location of all Systems within the public easements and/or rights-of-way owned or to be owned by the City. Developer shall provide separate recordable plats for each Phase. Should the Developer fail to provide the plat(s), the City shall not authorize a building permit or water meter to any property to be served by the Systems, nor will the City accept dedication of the Systems.
1.8 Dedication for acceptance by the City.

Upon:

(a) Developer's completion of construction of the Systems and all related facilities;

(b) Developer's payment of all fees related to the City's Engineer's review and inspections, as well as all other applicable fees;

(c) Developer's provision of the bond/security referenced in Sec. 2 of this Agreement;

(d) Developer's provision of "asbuilt" drawings per City specifications.

(e) if any portion of the Systems to be dedicated to the City are located in property or rights-of-way not owned by the City, Developer's provision to the City of easements adequate to enable the City to operate and maintain the Systems in perpetuity;

(f) if any portion of the Systems are located in property or rights of way owned by a government entity other than the City, Developer's provision to the City of written confirmation approved and executed by the governing body of that government entity that the City shall be the owner of the Systems if the City accepts dedication thereof;

(g) Developer's submission to the City of a written request that it accept dedication of the Systems; and

(h) the Projects Engineer's certification:

i). that the Systems have been constructed in accordance with the plans(s) that were approved by the City's Engineer during the Pre-Construction Phase (or, if applicable, during the Construction Phase);
ii). that the Systems are adequately designed, and conform to the City’s standards, specifications, and regulations;

iii). that all documents Developer or the Project Engineer were required to submit under this Agreement have been submitted; and

iv.) that the easements are adequate to enable the City to operate and maintain all portions of the Systems to be dedicated to the City,

the Mayor and Council shall, subject to approval of the City Staff and City’s Engineer, vote to enter into a Utility Systems Dedication Agreement with the Developer to accept title to, and assume responsibility for maintenance and operation of, those portions of the Systems that are located within public easements and rights-of-way. The City will only accept dedication of those portions of the Systems that are located within public easements and rights-of-way for which the City has an express, recorded right of access and maintenance, which acceptance shall include all rights, title and interest that the Developer has in the Systems serving the Property and also all easements and/or rights-of-way required for the purpose of operation and maintenance thereof. Nothing in this Agreement shall prohibit the City from accepting dedication of the Systems in phases.

For all of the Systems that Developer seeks to dedicate to the City, it shall provide a bond. The bond shall be available for a one year period from the date on which the City Council votes to accept title to the Systems. In the event any portion(s) of the Systems accepted by the City fail or malfunction in any way within one year of the
City's acceptance of dedication of the same, the City shall have the right to reimbursement of all costs to repair the same through the bond if the failure or malfunction is attributable to the action(s) or inaction(s) of the Developer or its agents, employees, contractors, or subcontractors.

SECTION 3. Term.

The City shall have no further obligations under this Agreement, and Developer shall forfeit all of its rights under this Agreement if:

(a) construction of the Systems has not begun within one year of execution of this Agreement;

(b) there is a one (1) year period in which no construction of the Systems occurs; or

(c) Developer defaults on its obligations under this Agreement and fails to cure the same within thirty calendar days after written notice thereof.

SECTION 4. Fees.

As development proceeds under the terms of this Agreement, and at the time of issuance of each meter, and as a condition precedent to issuance of the same, Developer shall be charged and shall pay:

(a) a sanitary sewer capital cost recovery fee for each residential or equivalent residential unit ($5,500.00);

(b) a water capital cost recovery fee for each residential or equivalent residential unit ($2,500.00); and
(c) a water meter installation fee paid for each residential or equivalent residential unit based on those fees in effect at the time of the water and/or sewer connection.

A monthly water and sewer user fee will then apply according to usage and current rates. No water meter will be issued or installed until all applicable fees are paid.

After five years from the date of this Agreement, the City of Springfield shall have the right to adjust all fees related to water and sewer services, provided however that the capital cost recovery fees shall not increase to an amount that exceeds the amount charged to properties located within the corporate boundaries of the City of Springfield.

SECTION 6. No right to reimbursement.

Developer acknowledges and agrees that to the extent any of the Systems constitute extensions of City water or sewer infrastructure, such extensions will only serve the Property. Therefore, Developer acknowledges and agrees that it shall have no right to reimbursement of its expenditures from the City or from any funds or accounts owned or maintained by the City.

SECTION 7. Compliance with Laws.

Developer shall comply with all existing and future City requirements relating to the connection to and use of the City’s water and sewer systems. Subject to the provisions of Section 4 of this Agreement, all provisions of law now or hereafter in
effect relating to water and sewer service by the City of Springfield shall be applicable to this Agreement.

SECTION 8. Governing Law; Forum Selection.

This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Georgia. Any action arising from this Agreement shall be filed in the Superior Court of Effingham County.

SECTION 9. Entire Agreement.

Each party to this Agreement acknowledges that no representations, inducements, promises, or agreements, orally or otherwise, have been made by any party, or anyone acting on behalf of any party, that are not embodied in this Agreement, and that no other agreement, statement, or promise not contained in this Agreement shall be valid or binding.

SECTION 10. Modification of Agreement.

Any modification or amendment to this Agreement shall be binding only if reduced to writing and approved and executed by the Parties to this Agreement.

SECTION 11. No Waiver.

The failure of either party to this Agreement to insist upon the performance of any of the terms and conditions of this Agreement, or the waiver of any breach of any of the terms and conditions of this Agreement, shall not be construed as thereafter waiving any such terms and conditions, but the same shall continue and remain in full force and effect as if no such forbearance or waiver had occurred.
SECTION 12. Effect of Partial Invalidity.

If any one or more of the provisions contained herein is held by any court of competent jurisdiction to be invalid, illegal or unenforceable in any respect for any reason, such invalidity, illegality, or unenforceability will not affect any other provision hereof, and this Agreement will be construed as if such invalid, illegal or unenforceable provision had never been contained herein unless the intent of this Agreement cannot be carried out in the absence of such provision. In this regard, the provisions of Section 6, titled “No right to reimbursement” is a material provision for which the intent of this Agreement cannot be carried out in its absence.

SECTION 13. Paragraph Headings.

The headings and subheadings within this Agreement are solely for the convenience of the parties and shall not be construed to modify, explain, or aid in the interpretation of this Agreement.

Any notice provided for or concerning this Agreement shall be in writing and shall be deemed sufficiently given upon receipt by certified or registered mail or hand delivery as follows:

If to the CITY: City of Springfield  
c/o City Manager Matt Morris  
130 S. Laurel Street  
Springfield, Georgia 31329

If to DEVELOPER: Braly Investments, LLC  
c/o Brandon Long
SECTION 15. Indemnity

Developer acknowledges and agrees that the work it performs under this Agreement is performed by it and those it retains for its sole benefit. Developer therefore covenants not to sue and agrees to hold the City harmless for any claims and damages allegedly incurred as a result of the work contemplated hereunder, including without limitation work associated with the tie-in to existing City water systems and sanitary sewer systems. Developer further covenants and agrees that the City shall not be liable to Developer for any damages, whether general, special, or consequential, and whether for economic losses, diminution in value, or in any other form.

SECTION 16. Assignment.

This Agreement may not be assigned or transferred in whole or in part by the Developer without the prior written approval of the City, which approval shall not be unreasonably withheld, conditioned, or delayed. Failure to obtain the City's approval of any assignment of this Agreement shall terminate the City's obligations and shall forfeit the Developer's rights hereunder. This Agreement shall bind and inure to the benefit of the parties hereto and their permitted successors and assigns.

SECTION 17. Construction of Agreement.

The Parties acknowledge that each party has participated in the negotiation and preparation of this Agreement. This Agreement therefore shall be construed
without regard to any presumption or other statute or rule of law requiring construction against the party causing the Agreement to be drafted.

IN WITNESS WHEREOF the Developer has executed these presents under seal, and the City has caused these presents to be executed by its proper officer under seal, affixed, this 10th day of May, 2022.

Staff Report

Subject: Rezone (Fifth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: June 13, 2022

Item Description: Linda Sims as Agent for Eric Edwards to rezone 7.01 acres from I-1 to B-3 to allow for commercial development. Located at 1204 Mill Pond Road. [Map# 446 Parcel# 7C]

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request to rezone 7.01 acres from I-1 to B-3 to allow for commercial development, with conditions.

Executive Summary/Background
- The request for rezoning is a requirement of Appendix C, Article IX-Amendments to Map or Text, Section 9. Zoning districts are described in Appendix C, Article V-Uses Permitted in Districts.
- The proposed use is sales and storage of overhead garage doors, and associated business activities, which is permitted in the B-3 Highway Commercial District. B-3 is compatible with the surrounding area, which includes industrial and residential development.
- The property is in the Springfield water & sewer service delivery area, but will be served by private well and septic system.
- The proposed development will include two buildings (3,200 sf & 6,000 sf) initially, as well as a future 3,250 sf building.
- A 30' vegetative buffer is required between the AR and B districts, and a 50' vegetative buffer between B and Industrial districts.

Alternatives
1. Approve the request to rezone 7.01 acres from I-1 to B-3 to allow for commercial development, with conditions:
   1. The lot shall meet the requirements of the B-3 zoning district.
   2. A Sketch Plan must be submitted for approval.
   3. Site development plans shall comply with the Effingham County Water Resources Protection Ordinance and the Stormwater Management Local Design Manual.

2. Deny the request to rezone 7.01 acres from I-1 to B-3

EFFINGHAM COUNTY REZONING CHECKLIST

Applicants requesting a Zoning change shall supply to the Planning Board information describing the proposed change plus supporting data relating to the change to assist the Planning Board in making their determination. The supporting documentation shall include a format substantially the same as the checklist/criteria used by the Planning Board in evaluating the requested zoning change.

After receiving all information presented as to each zoning proposal at any public hearing provided for in this Article, and prior to making any recommendation thereon, the Planning Board shall consider each of the eight questions contained in the following checklist in written form and forward a copy of the same to the Board of Commissioners together with any additional material deemed appropriate:

CHECK LIST:

The Effingham County Planning Commission recommends:

APPROVAL______     DISAPPROVAL______

Of the rezoning request by applicant Linda Sims as Agent for K & M Properties, LLC — (Map # 446 Parcel # 7C) from L-1 to B-3 zoning.

Yes No 1. Is this proposal inconsistent with the county’s master plan?

Yes No 2. Could the proposed zoning allow use that overload either existing or proposed public facilities such as street, utilities or schools?

Yes No 3. Could traffic created by the proposed use, or other uses permissible under the zoning sought, traverse established single-family neighborhoods on minor streets, leading to congestion, noise, and traffic hazards?

Yes No 4. Does the property which is proposed to be rezoned have a have a reasonable economic use under existing zoning?

Yes No 5. Does the proposed change constitute “spot zoning” which would permit a use which would be unsuitable, considering the existing use and development of adjacent and nearby property?

Yes No 6. Would the proposed change in zoning adversely affect existing use or usability of adjacent or nearby property?

Yes No 7. Are nearby residents opposed to the proposed zoning change?

Yes No 8. Do other conditions affect the property so as to support a decision against the proposal?

☑ Private Well

X Private Septic System

Public Water System

Public Sewer System

If public, name of supplier: N/A Letter from the city of Springfield

Justification for Rezoning Amendment: Proposed use is better suited for a commercial designation, and buffer relief.

List the zoning of the other property in the vicinity of the property you wish to rezone:

North I-1 South AR-1 East AR-1 West Mill Pond Rd and Rail R.O.W.

Rev 01132022
1. Describe the current use of the property you wish to rezone.
   Current use is vacant, with the exception of an existing building foundation, septic tank and well.

2. Does the property you wish to rezone have a reasonable economic use as it is currently zoned?
   Current zoning requires 300' to residentially zoned properties and creates a developable area of 0.87 acres out of the total 1.01 acres.

3. Describe the use that you propose to make of the land after rezoning.
   The proposed use will be the location of (2) businesses with a future sales/showroom building.

4. Describe the uses of the other property in the vicinity of the property you wish to rezone?
   The property to the north is Rincon Fire Station #2 and various industrial warehouses and businesses.
   The property to the south and east is undeveloped with a residential classification. To the west is a County R.O.W that is a gravel road, beyond that is a Rail R.O.W.

5. Describe how your rezoning proposal will allow a use that is suitable in view of the uses and development of adjacent and nearby property?
   This zoning will be a good transitional density zoning for the adjacent properties in a corridor that has industrial uses. It will be a suitable step down from intense industrial to residential properties.

6. Will the proposed zoning change result in a use of the property, which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?
   The proposed zoning and businesses will not have an impact to the existing streets, the deliveries will be with smaller (box) trucks. The applicant is requesting the use of a septic system and well since this property will not be served by the local provider. The businesses will not impact the enrollment of the existing schools.

Subject: Conditional Use (Fifth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: June 13, 2022

Item Description: Linda Sims as Agent for Eric Edwards request a conditional use to allow for the repair and painting of aviation parts in B-3 zoning. Located at 1204 Mill Pond Road, zoned I-1, proposed zoning B-3. [Map# 446 Parcel# 7C]

Summary Recommendation
Staff has reviewed the application, and recommends approval of the request for a conditional use to allow for the repair and painting of aviation parts in B-3 zoning, with conditions.

Executive Summary/Background
- Conditional Uses in the B-3 zoning district are outlined Appendix C – Zoning Ordinance, Article V-Uses Permitted in districts, Section 5.11.2
- While aviation parts are not specifically described as a conditional use, automotive paint and body shops are listed, and mirror the intended activity and intensity of use as described by the applicant
- A conditional use is necessary for the business to operate in B-3 zoning district. The alternative is to maintain I-1 zoning, which will not work due to buffer requirements.

Alternatives
1. Approve the request for a conditional use to allow for the repair and painting of aviation parts in B-3.
2. Deny the request for a conditional use.

Staff Report

Subject: Sketch Plan (Fifth District)
Author: Teresa Concannon, AICP, Planning & Zoning Manager
Department: Development Services
Meeting Date: June 13, 2022
Item Description: Linda Sims as Agent for Eric Edwards requests approval of a sketch plan for: "ACTION OVERHEAD DOOR WAREHOUSES". Located at 1204 Mill Pond Road, zoned I-1, proposed zoning B-3. [Map# 446 Parcel# 7C]

Summary Recommendation
Staff has reviewed the application, and recommends approval of a sketch plan for "ACTION OVERHEAD DOOR WAREHOUSES".

Executive Summary/Background
- The request for approval of a sketch plan is a requirement of Appendix B – Subdivision Regulations, Article V-Plan and Plot Requirements, Section 5.1 – Sketch Plan. The purpose of a sketch plan is to provide both the applicant and the county an opportunity to review the proposed development before significant financial resources have been invested. Therefore, the sketch plan does not require the certification of an engineer, surveyor, or other professional. Existing features, including water bodies, wetlands, and flood zone limits, are required to be surveyed for the sketch plan. The proposed industrial development will be served by private well and septic system, as Springfield has declined service.
- The property is in the Springfield water & sewer service delivery area, but will be served by private well and septic system.
- The proposed development will include two buildings (3,200 sf & 6,000 sf) initially, as well as a future 3,250 sf building.
- A 30' vegetative buffer is included between the AR and B districts, and a 50' vegetative buffer between B and Industrial districts.
- At the March 3, 2022 pre-application meeting, we discussed buffers, stormwater management, the site development review process, and access management.
- The commercial development will be served by a single driveway on Ebenezer Road, with no access to Mill Pond Road. Access to Ebenezer Road / Hwy 275 will require a GDOT encroachment permit.
- Staff will follow-up with a Notice to Proceed summarizing requirements and recommendations.

Alternatives
1. Approve the sketch plan for "ACTION OVERHEAD DOOR WAREHOUSES".
2. Deny the sketch plan for "ACTION OVERHEAD DOOR WAREHOUSES".

All recommendations are based off existing soil surface. Area utilized for absorption fields should be shaped for rapid runoff.

Soil Suitability Codes

C: Because of shallow water tables these soils are not suitable for installation of conventional on-site system without site modifications, special designs or installations.

F: Because of soil limitations, these soils are unsuitable for installation of an on-site system.

Site Specific Notes

- Different products could affect the recommended trench depth and mound height.
- Ocilla soils have 6-10 inches of topsoil. If the proposed system is within of this layer, it should be marked out and stored onsite. After the mound has been constructed to the recommended height, the topsoil should be put over the top of the mound.
- Mandarin soils have 15-24 inches of combined topsoil and spodic material (Es). These layers should be marked of the system footprint. After the mound has been constructed to the recommended height, the topsoil should be put over the top of the mound.
- Keep heavy equipment from parking or driving on the septic area which could cause compaction of the soils.
- The absorption fields should not be installed during wet or rainy periods which could result in reduced system performance due to damage of the soil structure.
- No backfill was encountered within 60 inches of the existing soil surface.

The information in this report is based on soils classified in the field by hand auger borings. Soil borings were located using a Leica Artes 968 sub-meter GPS using real-time SBASS correction. RC Consultants soils surveys that meet or exceed all standards in the Manual for On-Site Sewage Management Systems, published by the GA-EPD. Soil boundary lines should be considered as a transition zone where one soil type transitions into another soil type, not an exact boundaryaim. System should not be located within 50 feet of unstable boundary lines.

Recommendations are site specific and not followed without this report. All recommendations are based on installation from the original soil surface unless otherwise stated. Any changes or alterations made to this map or interpretation without written consent of RLC violates the seal of the Soil Scientist. If the site is disturbed for cutting or filling after the date of the site visit, the Soil Scientist whose exists affixed to this report and his recommendations are null and void. Your local Health Department holds final authority on the permitting of an on-site disposal systems and may view the soil conditions differently than the Soil Scientist and have their data in their county. RLC does not design, install, maintain or permit on-site disposal systems.
