ATLANTIC WASTE TO BEGIN SERVICE IN EFFINGHAM

Springfield Ga (January 10, 2017) - Effingham County Board of Commissioners is extremely excited to announce Atlantic Waste Services will begin waste and recycling removal in Effingham County on Monday, February 19. Their team is hard at work ensuring everything is in place well in advance of that date.

Below are some of the items which Effingham County residents need to be aware of:

Delivery of Atlantic Waste garbage and recycling carts is well under way. Main roads in each area are being delivered prior to the interior roads within neighborhoods, so if you see Atlantic Waste carts outside your neighborhood but you have not received carts at your address yet, please wait a day or two before contacting us. If a couple of days have passed and you have still not received new carts, please contact us at **(912)-964-2000**.

Delivery started in the south part of the county with Eden, Meldrim, and Bloomingdale areas first, then the Rincon area second. Once those are completed, we will deliver the center of the county between Springfield, Guyton, and Rincon, followed by Springfield and Clyo, Shawnee and, finally, Guyton, Egypt, and Marlow.

We anticipate this process to be completed by the first week of February, which will allow us time to fill in any gaps. Residents, please **DO NOT USE ATLANTIC WASTE CARTS UNTIL THE WEEK PRIOR TO 2/19**.

Your current service provider will not be dumping Atlantic Waste carts and we will not be picking up any carts in Effingham County prior to the 2/19 start date. Atlantic Waste is distributing the number of carts each address is currently being billed for via the Effingham County tax rolls.

If you believe you have not been given the correct number of carts, please call Effingham County. Atlantic Waste will not deliver additional carts until we have been instructed to do so by the County. Atlantic Waste will be providing updates and notifications in regards to changes in service via text alerts. If you would like You can sign up for phone and text notifications by **texting the word ATLANTIC to 33222**.
