to December

# Effingham County Fire/Rescue Training Schedule

Produced By  
Effingham County Fire/Rescue  
Training Division:  
Training Chief T. Zittouer

## Mission:

It is the mission of Effingham County Fire/Rescue Training Division to provide effective hands-on and classroom instruction so that its members and other participating agencies may provide the highest level of service within the community utilizing the equipment given to protect life, property, and the environment.

## Overview:

We will be concentrating on the skills and objectives set forth by the Georgia Firefighter Standards and Training Council along with those things specific to our area so that we may improve on our ISO rating. Participation at some level is required depending on what you will be doing on the fire ground. For those individuals wanting to perform front line fire suppression activities you will need to attend 50% of the training offered this year at the training center.

- Any drill night that you are unable to make it out to the Training Center for specific training topics please report to station 9 or station 12 and work on core skills.
- Please check monthly with your station officers or full time crews for any additional courses that have been added to this year's training.
- Any training **NOT** on a Tuesday register with Chief Zittrouer by email  
tzittrouer@effinghamcounty.org
